

2.2 Objectives

2.2.1 Main Objectives

The main objective of the baseline surveys on ICT is:

- ▶ To assess the status of ICT facilities and usage sectoral level in the country
- ▶ Produce the relevant agreed Scan-ICT indicators that would feed into the Scan-ICT Baseline Study Country Report for The Gambia.

2.2.2 Specific Objectives

However, specific objectives, among others are to:

- To conduct surveys to help produce the necessary data for the calculation of the indicators;
- To produce relevant households and individual ICT-related data;
- To produce relevant ICT-related data on ICT-Sector;
- To produce relevant ICT-related data on Businesses;
- To produce relevant ICT-related data on Government Sector;
- To produce relevant ICT-related data on Health Sector;
- To produce relevant ICT-related data on Education Sector;
- Conduct surveys with a view to assessing the methodological approaches and ground for future or subsequent surveys on ICT; and,
- Build capacity within GBoS for production of ICT statistics.
